

Parent Account Instructions

1. Navigate to <http://btcs.instructure.com/login/canvas>
 2. Click on “Click Here For an Account”.
 3. Enter your first and last name.
 4. Enter your email address.
 5. Enter your child’s username. This is the same username they use to log into a BTCS computer.
 6. Your child’s “password” for this process is “BtcsXXXXX”, without the quotes, of course. The “X” represents your child’s lunch number and the “B” is capitalized. For example, if your child’s lunch number is 55555, then you would enter Btcs55555.
 7. Click to confirm that you agree to Canvas’ terms of use.
 8. Click the “Start Participating” button.
- Parents will receive a confirmation email from “BTCS- Canvas LMS” that will include a confirmation link. This link will allow you to set your password. This will need to be completed before logging in again and before adding additional children to your account.
 - Parents can add additional children after logging in by clicking on Account > Profile > Observing > then the “add student” button > then enter the additional child’s information.
